ICCA Appoints New President

ITASCA, IL (December 2, 2016) – The International Corrugated Case Association’s (ICCA) Executive Committee of the Board of Directors announces the appointment of a new President, Dennis J. Colley, effective December 1, 2016. Colley has been serving as interim President since the May, 2016 retirement of Carl Bohm.

A selection committee of ICCA Board members including Tom Hassfurther of Packaging Corporation of America, Brian McPheely of Visy Industries, and current ICCA Chairman Jose Soares of Klabin S.A. was formed to recommend a selection for the position.

“I’m happy to welcome Dennis as our next President of ICCA,” said Soares. “He brings experience in both the global corrugated industry and the managing of trade associations. Since becoming interim president, he has already implemented increased communications and best practice sharing. He has established a set of strategic initiatives and set dates for our 2017 and 2019 Global Summits.”

Colley will perform the role of ICCA President in addition to his current role as President and CEO of the Fibre Box Association (FBA).

#

Founded in 1961, the International Corrugated Case Association (ICCA) is a non-profit global association of national or regional trade associations representing corrugated box manufacturers. The association also includes individual company members as leadership members. For more information about the association, visit www.iccanet.org.
